

Rector Update

May 8, 2019

We have passed the dead line on accepting candidates. Per Rev. Percy she did not have any candidates for us to make an informed decision. As we all see the Help Wanted signs around town, a Rector is no different. Rev. Percy has attended a conference where the pool of candidates was smaller than in years past. She has kept us on the Episcopal Churches web page as searching for a rector. Rev. Percy has some different ideas for where our next Rector could come from. However, they take time. We sometimes hear the term Godspeed. We are on a journey, on Gods timeline not ours. The right Rector is out there, the question is do they know!

Rest assured your Search Committee has a great bond and committed to the process! We, just like all of you, believe there is no better place to come than St. Mark's!
